Lois and Kay at NLF

Rev. Lois Baker and Kay Rindahl, will share at New Life on Sunday, July 18 during the morning worship service.

Their love and dedication to the Lord, knowledge of His Word, and love for the body of Christ enables them to flow freely in the gifts of the Spirit, ministering prophetically in a very unique way. The Word is brought forth in love, conviction, and power, while personal ministry confirms the Word with signs following.

"To escape the error of salvation by works, we have fallen into the opposite

ny times in my life when God has blessed me, so I know He is walking with me. Here are three that I call miracles that I want to share with everyone!

en knew Jesus our Lord, I was starting my tractor to grind battery exploded and sent battery acid all over the front of my body and into my right eye. I washed my face and arms and then drove to the hospital with only my left eye open. The hospital staff cleaned my eye, and I had no damage! After that incident, I told a friend that I believed I needed to go to church. He invited me to join him at the Nazarene church which is where I accepted Christ into my life!

s late while attending a Saturday morning prayer group, I asked the men to pray that I could find a new job. I was tired of and frustrated with the worldly conditions that surrounded me. While driving home from the meeting, a farmer passed me on the highway and then slowed down a short way later to turn into the driveway. I followed him into his driveway. I spoke with him and asked about the possibility of working for him. I started that Monday morning! I was also able to share my faith with him and worked there for 16 years.

ago, I was driving out of Devils Lake and moved into the passing lane because I was going to make a left turn into the highway right in front of me! She was so close that all I could see was her face! The next thing I knew, I was behind her car in the right lane! I knew the Lord had saved us both from a crash. God did it all, and I thanked him over and over.

I need to share these experiences to let you know that God wants to take care of us. All we need to do is trust Him with our lives and walk with him daily.

"Be not of this world but just live in it while taking hold of God's hand."
