Making a Lasting Impact

Many of you have been using *The Word for Today* devotional that New Life provides. You may not know that for over 35 years, their ministry has been serving on the front lines in Romania rescuing vulnerable women and children from human trafficking, abuse, and extreme poverty.

At their *Village of Hope Romania,* they are called not only to care for children and families but to protect the vulnerable from real and present danger. Across Romania, many young people are approached with what appear to be legitimate opportunities abroad: jobs, income, and the promise of a better future. Too often, these promises are lies.

Recently, they helped bring home a young man who had been taken abroad under one of these false promises. Instead of work, he was exploited—his kidney was taken, and he was left without care, in a weakened and life-threatening condition. When he returned home, he was physically fragile and emotionally traumatized. This is not an isolated case. It is part of a troubling pattern where vulnerable individuals are targeted, manipulated, and trapped with little ability to escape. This is why their work is so critical.

New Life Fellowship is humbled to be able to help this ministry in a small way by our monthly contribution for *The Word for Today* devotionals. If you'd like to contribute to this important work as well, notice the information on the back cover of the devotional book.
